

# **Solid Rock**

*William Bradbury*

## **Verse 1:**

E                    B                    A2                    B2            E  
My hope is built on nothing less than Jesus' blood and righteousness  
E                    B                    A2                    B2            E  
I dare not trust the sweetest frame, but wholly lean on Jesus' name

## **Chorus:**

E                    A2                    E                    B2  
On Christ the solid rock I stand, all other ground is sinking sand  
E                    B2            E  
All other ground is sinking sand.

## **Verse 2:**

E                    B                    A2                    B2            E  
When darkness seems to hide His face, I rest on His unchanging grace  
E                    B                    A2                    B2            E  
In every high and stormy gale, my anchor holds within the veil

## **Verse 3:**

E                    B                    A2                    B2            E  
His oath, His covenant, His blood, support me in the whelming flood  
E                    B                    A2                    B2            E  
When all around my soul gives way, He then is all my hope and stay

## **Verse 4:**

E                    B                    A2                    B2            E  
When He shall come with trumpet sound, O may I then in Him be found  
E                    B                    A2                    B2            E  
Dressed in His righteousness alone, faultless to stand before the throne!  
A2                    B2            E                    A2                    B2            E  
Faultless to stand before the throne, faultless to stand before the throne!
